

**Mr Avtar Chand**  
**Local Authority Governor**

I am from India and have been living in the UK for the past five years. I have done B.A.L.L.B and have practised as an advocate in New Delhi. I came to the UK in 2005 and have done a variety of jobs. I am currently a Local Authority Governor in Beaconsfield Primary School and am also associated with two trusts here in London.

I have two daughters and a son, aged 6, 15 and 18 years old attending Dairy Meadow Primary and Villiers High School respectively. My wife is a teacher in an adult training centre.

I am quite a hard working and amicable person. I am quite a caring person, and possess the ability to work well with anybody. I am very helpful, civil and trustworthy. If given a task I do it to the highest standards. I am able to produce the best results, whether I am working in a group or working on my own. I can suit to any role and am very flexible with the people I work with.

I like to explore and visit new places, where I can gain new skills and generate innovative ideas.

I am a friendly and polite person, who can deal with people in calm and sensible manner. I like leading a team, however I can take the back foot if required, standing as the backbone of the team.

Inspiring people is part of what I can do. I believe in Mahatma Gandhi's quote: "Be the change you want to see in the world." I believe that instead of being just all talk, we should be 'action'.

I am committed to excellence, but not in quantity, as it's the quality that counts.
