

**Mr Jigar Dave**  
**Parent Governor**

I hold a PhD in Chemistry and currently work as a Senior Buyer at BB Designs Europe Limited based in Watford and lives in Southall.

I am a 37 year old father of Two Girls and my children attend Beaconsfield Primary School.

I was elected as a Parent Governor at the school in 2009. I consider myself to be a proactive member of the Governing Body and have positively contributed my time and comments in different ways, as well as attending different courses like safeguarding children, safer recruitment to help me better execute my duties. I am also working as a SEN governor and mentor of the newly elected parent Governor. I have keen interest in financial management of the School. I am also serving as a President of the "Gujarati Immigrant Samaj in U.K."

I would like to be considered for a position on the School's Forum as I am passionate about Education and serving my community. I would like to represent the school and my Governing Body by being part of a group which makes important decisions relating to changes which will affect us and our children's education.

My hobbies are reading, socialising and cricket.
