Headteacher: Mr. D. Woods

## Message from Mr Woods

**Newsletter No  
May 2010**

Dear Parents/Carers,

The first half of the summer term has been a very busy time for pupils and staff. During this time we have been completing a range of assessment activities within classes so that teachers can make their teacher assessment judgements.

We now have a new government in power at Westminster and we now know the first cuts to education funding will affect some specialised support programmes. It is pleasing that the improved weather has seen a small improvement in attendance at school. We still need to improve this further so that

our attendance rate is above 95%.

We now have a new education social worker (ESW) and she will shortly be issuing some fixed penalty fines (£100) to some families.

We also need to improve our punctuality in

the morning. School starts at 8:50 am and your child is late if they are not in the line at this time. We expect that pupils should be in the playground by **8:45** am every morning.

We have a busy six weeks ahead with our 4<sup>th</sup> International Evening along with the popular sea-side trip to Bournemouth (tickets selling fast) and many other events.

Please read through the newsletter to see the many events that have taken place and the dates for future events.

Our term began on a very sad note for our community with the news that Mrs Jenny Salmon had lost her battle with cancer and died during the holiday period. Jenny had worked with us at school for some time and even though we knew she had become very ill, her death was a sad time for everyone. I'd like to thank everyone in the community for your thoughts and well wishes for Jenny's family and for your support with our efforts to raise money for Macmillan and Marie Curie cancer nurses

**Mr D Woods  
Head Teacher**

## Parent Hotline

We have our parent hotline number **08447 707 576** in place and we will be using this more over the coming months to add school messages.

When you dial 08447 707 576 you need to then dial our **school ID Number: 71486** to hear our school messages.

## Building Works (PSB)

Our school has been asked by the London Borough of Ealing to develop some of our class spaces for Primary Support Base (PSB).

During summer some preliminary works for our PSB will take place as the Music Room is converted back to use as a classroom with ICT cabling enabled. We will also be constructing a sensory/soft-play area in an upstairs room.

In the autumn term more works are planned for the va-

cant downstairs rooms, infant toilets and front fence. Our PSB classes open in January 2011. We will be the only school in Southall with a PSB.

## Curriculum News

During the half-term we have reviewed and updated our English Policy. This is a very important policy as skills in speaking, reading and writing are vital for good learning and progress.

This week we have celebrated with our first "French Day" on Thursday, 27<sup>th</sup> May. The children in Year 3 – Year 6 learn French each week as part of learning in MFL (Modern Foreign Languages).

The day was very exciting with children encouraged to dress up in the colours of the

French flag (blue, white and red). There was a French cafe` set-up where the children exchanged their pounds

(£) for euros (€) before they could buy a range of different French snacks and treats.

Children also enjoyed a 'French themed health hustle', a story-telling workshop and some classes completed art activities linked with famous French artists. ***A very big thank-you to Miss Amra for her efforts in organising such an exciting day.***

## The China Project

During this term we have been doing a variety of things our biggest project has been to produce individual projects based on China. We have learnt even more about the amazing country China!

Did you know that ice cream was invented in China around 2000BC?

Did you know China is the fourth largest country in the world?

Did you know according to readings Buddha named the years after the twelve animals that came to visit him before he left the earth?

Did you know when a Chinese child loses a baby tooth; it

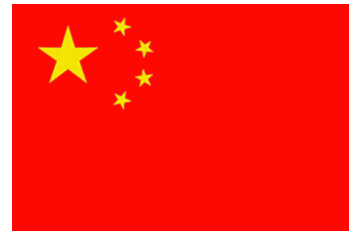

doesn't get tucked under the pillow for the tooth fairy. If the child loses an upper tooth, the child's parents plant the tooth in the ground, so the new tooth will grow in straight and healthy?

We are hoping to display our projects in school, for everyone to enjoy. Our latest post to San Yuan Primary will include the latest news around Beaconsfield Primary together with pictures and examples of work from our project.

In our final few weeks of this term, we will be linking to our school in China through a blog

and look forward to telling you more about what we have done in our next newsletter.

By Jasmin & Jitin

## Premises News

Our 27 solar panels were installed during the Easter holiday period. Our school is now generating its own electricity every day. We estimate that we have saved approximately £330 on our electricity bill during the last 6 weeks. The savings of money are important but we are producing 'clean' electricity with no CO<sub>2</sub> emissions so we are also helping to reduce air pollution and global warming.

During this half-term we are having work completed to the upstairs hall (Year 6 class). By the end of June this area will have been completely re-decorated and re-furnished into two large classrooms for Year 5 and Year 6. We will be installing a moveable wall so that the space can be opened up into one large space or it can be closed to make two classrooms. The flooring will be updated along with re-painting to all of the walls, doors and fittings.

Starting from 5<sup>th</sup> July we have a major refurbishment works. By the end of September we will have a new combined library/ICT learning room, some new small group work spaces, new children's toilets downstairs with new disabled toilet facilities and

an improved medical room. We will also be having some electrical re-wiring completed and a new curriculum resource area will be created. There will be some disruptions during this time, but we will aim to keep this to a minimum

# Classroom News

## Nursery

Nursery have been learning all about the people who help us. We have been dressing up and pre-tending to be doctors, dentists, teachers, bus drivers and postal workers. They all work very hard to look after us.

Some of our Mum's also came to stay and play at Nursery to find out what we get up to! They all enjoyed themselves and it was lovely to have them with us. We hope to invite parents to visit us every term from now as it was a success.

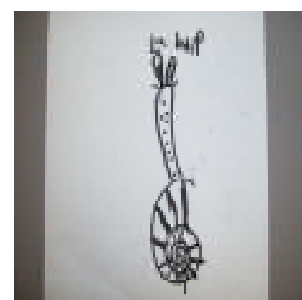

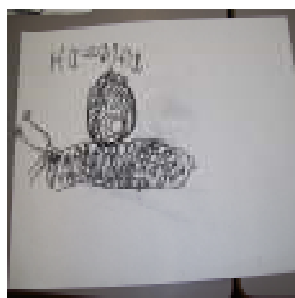

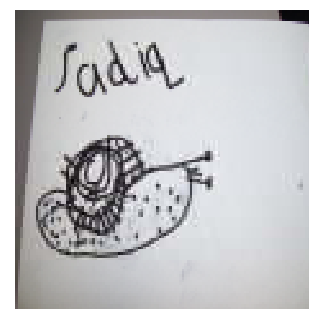

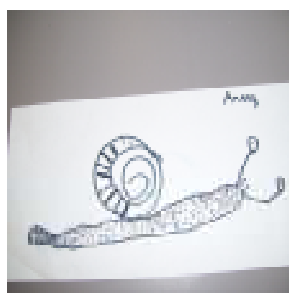

People Who Help Us  
by RYUN  
RYUN

## Reception

The Reception class have been finding out about minibeasts. We looked very carefully at some real snails and talked about the patterns on their shell and body.

Then we drew them.

## Year 1

*After lots of discussion work on our life stories, we used ICT to word process our very own autobiographies in Literacy. We used word banks to help us with this.*

*This linked to the work that we have been doing on re-counts and also the work that we have been doing in IPC & RE on 'My World'.*

*In ICT lessons we learnt how to use a scanner to load up images of how we looked when we were younger and how we look now.*

*We then added these to our autobiographies.*

My name is Abdul. When I was a baby I use to crawl and I use to go to sleep very late. When I was a toddler I started walking and running. When I was 4

Years old I had new friends and I played with them. Now I am clever And I good at football. When I am older I want to become a policeman.

My name is **Hathmi**. I was born on 10th September 2004 in Colombo, Sri Lanka. I am of Sri Lankan origin. I have 2 sisters called Hayaam and Hafa.

When I was 1 year old my tooth started growing and I started to crawl. I started to walk alone carrying little things with my hands. When I was 2 years old I started to walk and eat. I enjoyed scribbling with crayons.

I learned to kick, throw the ball. When I was 3 years old I started to go to nursery but I was scared. When I was 4 years old I could run really fast.

When I was 5 years old I went to Reception. Now I am in year 1 I can read, understand the story books. I live in Southall.

My religion is Islam and I go to mosque on Sunday and Saturday. When I am older I will be an engineer. I will make wonderful maps to build houses.

My name is **Humna**. I was born on 13th of July 2004 in London. I am of Pakistani origin. I have one brother called Talha.

When I was 1 year old I started teething. When I was 2 years old I also started crawling.

When I was 3 years old I started nursery. When I was 4 years old my mum had a baby boy. When I was 5 years old I started riding my bike by myself.

Now I am in year 1 and I enjoy learning and taking part in assemblies.

When I am older I want to be a teacher because I can help people be doctors and teachers. And I live in Northolt. A belong to a Muslim family and I used to go Abu Bakr mosque.

And my favourite subject is Literacy why because it helps me with my writing.

My name is **Marwah**. I was born on the 1st October 2004 in Kabul, Afghanistan. I am of Afghan origin.

When I was 1 year old I started to crawl up the stairs and I started to walking when I was 2 years old I started to go in to the push chair and used to have a best friend in my old school her name was Alezza.

When I was 3 years old I used to go to shops. When I was 4 years old I started to come to primary school. When I was 5 years old I went to Beaconsfield Primary School. Now I can read and write

## Year 2

### Ourselves

In our IPC topic 'Ourselves' we have learned so many things about ourselves, our families, and our friends. We have talked about the things we like and the things we find hard to do. In Science we are learning all about our body parts. In ICT we are using lap tops to do research about the food eaten in different countries. We also learned how to use digital cameras and took pictures of our friends in the class room

which was great fun! Here are some of the pictures we took ourselves. We didn't forget to smile!

### Year 2 planted cauliflowers to be a green school.

## This is me

I am a girl.  
 I am a sensible girl.  
 I go to the Gurdwara.  
 I am a Sikh.  
 I am a 7 years old.  
 I am a very good girl.  
 I like all the subjects.  
 I have medium size hair.  
 I have an excellent teacher  
 Mrs Sharma.  
 I am a excellent student.

I go to the temple.  
 I like all of the teachers in  
 my school.  
 I like going on trips at  
 school because it is fun.  
 I like pizza and chips.  
 My favorite food is chicken  
 and chips.  
 I like going to the park.  
 Rajvir

## Things i find hard

I find it hard to climb a  
 mountain.  
 I find it hard to go on the  
 monkey bars.  
 I find it hard to wake up  
 early in the  
 morning.  
 Rajvir

## This is me

### About me

I am a boy.  
 My name is Nive.  
 I go to Beaconsfield primary  
 school.  
 I am 7 years old.  
 My favourite teams are Barce-  
 lona, man u ,Chealse and Eng-  
 land.  
 I like playing ps3 ,ps2, psp, x-  
 box and x-box live.

## Things I find hard

When I was a baby I can't swim  
 but now I can swim.  
 I find it hard to swim in the  
 deep end.  
 I find it hard to write joined up  
 writing.  
 I find it hard to draw a cool  
 car.  
 I find it hard stop talking.  
 I find it hard correct things.

## My family

I have 1 brother, 1 big cousin,  
 me, my dad and my mum.

My family is special to me be-  
 cause they help me.

By Nive

## Year 3

Year 3 have been planting seeds  
 in the pond grassy area. We are  
 growing radishes and cucum-  
 bers. When they have grown we  
 are going to give it to the cooks  
 to make delicious salad for our  
 lunch. It has been very hot so  
 we have to make sure we water  
 the seeds regularly. We first  
 grew them in pots and when  
 they grow bigger we will put  
 them in the ground. I can't wait  
 to see how big the cucumbers  
 grow!

By Moqdas Khan, Year 3

We are promoting healthy food  
 in our school. We are growing  
 our own cucumbers and rad-  
 ishes. Some of them are already  
 growing and we are watering  
 them regularly. They are also  
 getting lots of light. Cucumbers  
 and radishes are so delicious to  
 eat. I can't wait to taste them  
 when we eat them in our  
 school canteen.

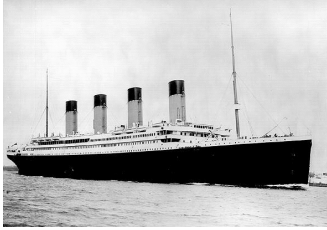

By Fareeha Ilyas, Year 3

## Year 4

Hussain Masalawala/ Yea 4

### Titanic

One day when I woke up I realised that today was the day when I would be riding on the

25<sup>th</sup> May 2010

Shazad Syed, Year 4

### Tudors

We have been working about the Tudors. We drew lots of pictures about the Tudors. We drew Bloody Mary. She used to burn people alive. We drew Henry 8<sup>th</sup>. He had 6 wives. He had a ship called Mary Rose. Henry 8<sup>th</sup> was so cruel to the

largest ship called the TITANIC. In the Titanic there 1<sup>st</sup> 2<sup>nd</sup> 3<sup>rd</sup> classes. The 1<sup>st</sup> class is at the top, 2<sup>nd</sup> class in the middle, 3<sup>rd</sup> class at the bottom in the hull. The captain's name was Captain Smith.

I was working as a chef. The thing I hate about my job is that the lady Astor's want everything perfectly cooked.

April 14<sup>th</sup> 1912 it was Mrs Johnsons birthday a little boy

people because people never work hard enough. So she chopped people's head off. Henry 8<sup>th</sup> died because he ate too much rich food. He was good at dancing and tennis. Bloody Mary she has jewellers and lots of other things. She looks nice but she was the cruellest woman in the world. People say if you say Bloody Mary in the Mirror 3 times she will

wanted to go on a ship race Captain Smith said yes.

April 15<sup>th</sup> 1912 the ship was 1<sup>st</sup> in the race. But iceberg warnings were ignored. SUDDENLY when someone said icebergs ahead 1500 people died, 705 survived.

come out of the mirror and chop your head off.

## Year 5

# How I made my Bird Cage!

Year5 have been studying different materials in their IPC topic, our project was to make a bird cage which would be strong as well as attractive to attract the birds in to.

Materials:

- Card/Paper
- Straws
- Plant Tray
- Cellotape
- Scissors

Method

First we used a plate to put under our cage.

Next we cut some strips of card.

Then we cut a circle shape out of the card.

After wards we stuck the strips on to the plant tray.

Then we joined the strips to the circle.

Finally we cut a small paper for the birds address and stuck it on the cage with Cellotape.

We think we made a simple yet effective bird cage for the birds.

By Rajpreet, Jasmin & Hani

# How we made our bird hive!

First we got a polystyrene box or a cup holder protector polystyrene container.

Then we got a mat to paint on and chose 1-2 colors and started making a bird hive.

Then we painted it yellow all round except the main place. We coloured the main feeder orange with a little yellow.

We dried it so we could colour it and outline it using black feltip.

After that we can put different sections of food water play etc.

By Yaseen, Ehsan, and Aymaan

## Year 6

In topic, Year 6 has been learning about irreversible and reversible substances which led us to bake a cake. Whilst baking the cake, we considered about what changes will occur.

Firstly, to avoid the cake sticking to the container, we had to grease the tin. Then we measured the sugar, butter and flour (175g). After that, we added the mixture to the beaten eggs. Currently, it would make the sugar dissolve because of the water in the eggs, which make

this an irreversible change- a change that cannot be undone. Mixing this together creates air.

Once, you have got the correct amount of butter, sugar and flour; use a separate pan to melt the butter over a low heat so the butter will transform into a liquid which can be reversible however the liquid [butter] will lose its water. Beat the flour and all the other ingredients which you have enclosed and then add a table spoon at a time of flour. Next, we stirred the mixture well until it is a liquid, so there are no lumps and can rise.

Finally, we bake the mixture at 180 c for about 25- 30 minutes. If the cake raises, the colour should be a golden brown and must be vitally firm. We left it in the tins for 2 -3 minutes and

turn the wire cooking rack. Then each group left there cake until it is warm. In the end we cut the cake in half and spread jam in the centre.

At the end, we ate our cake which was delicious and had a wonderful time!

Melissa and Simran (Year 6)

## Community News

### Spring Fair

Whilst we did not enjoy the best of weather for our Spring Fair, it was great to see so many children and their families come along on the day to take part and browse the different stalls.

We raised a total of £826 on the day which will be used to pur-

chase brand new books for our new library in September.

### Voucher Collections

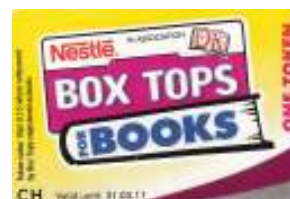

It is almost the end of the Tesco and Sainsbury's voucher collection schemes for this year. Please do send in all vouchers as soon as possible. Please ask your friends and neighbours for any vouchers that they may have. These schemes save us between £400 - £600 each

year on valuable resources. The collection boxes are located in the foyer near the school office.

The Nestle box tops are always available. If your children eat Nestle cereals we'd ask you to send in the box tops that we can use to purchase books.

## School Information/Procedures

### Uniform

We expect children to always be wearing the correct school uniform at all times. Our uniform includes black shoes (**NOT BOOTS OR TRAINERS**). Now that the weather is getting warmer and the sun is stronger we would en-

courage children to wear a hat to protect the sun on their faces. School hats are

available for purchase for just £2.75.

### Lost Property

We know that as parents you spend a great deal of money on your child's uniform. Unfortunately we continue to have large amounts of lost property each half-term. The lost property is located just inside the door from the playground. Please look through for any lost items.

### Help Needed

Occasionally in school children have an accident where a change of clothes is required. We would greatly appreciate any donations from parents of trousers and shirts that your child has now grown out of. Please give these clothing donations to Mrs Poonai.

## School Dinners

Our school has achieved healthy school status

which we are aiming to keep. Food eaten in school is covered by our 'Food Policy' guidelines. We want to remind parents that children who have a packed lunch are only allowed to have healthy items. Items such as crisps, biscuits, small chocolate **are only allowed on a Friday** as part of children's lunch. This is part of encouraging responsible healthy eating.

## Dinner Money

School dinners must be paid for before the meal is eaten. The daily meal cost is £2 (£10 per week). Cheques are not accepted for payment.

Payments need to be made using the internet payment services at [www.ealingmeals.com](http://www.ealingmeals.com) or by phoning Harrisons on 020 8280 0318. Cash payments can be made using the envelopes in the payment box in school.

The cost of the next ½ term will be £60.00 (7<sup>th</sup> June – 16<sup>th</sup> July = 30 days @ £2 per day). School staff do not have access to dinner money. It is the responsibility of parents/carers to inform Harrisons when children are absent from school. If you do not inform them you will be charged for the meal.

## Food Menus

Our menu for school dinner is designed to provide as many children as possible with access to a hot lunch. Meat dishes are served from Monday – Thursday and vegetarian dishes are available every day.

<b>Monday</b>	<b>Non-halal meat + vegetarian</b>
<b>Tuesday</b>	<b>Halal meat + vegetarian</b>
<b>Wednesday</b>	<b>Non-halal meat + vegetarian</b>
<b>Thursday</b>	<b>Halal meat + vegetarian</b>
<b>Friday</b>	<b>Fish (not always) + vegetarian</b>

## Changes to School Meals

We have been advised by Ealing Catering Consortium and Harrisons about changes to prices for school meals from September.

These changes will only affect parents who do not pay for meals in advance. If meals are paid in advance the cost will remain at £2 per meal. The consortium was keen to avoid any price rise during these tough economic times. However if you accrue dinner debts the cost of meals will

rise to £2.10 per day. This is to cover the additional costs with chasing and collecting debts.

## Beaconsfield Primary has an Eco Council!

Over the last four weeks, an excited group, from Year 3 to 4 has been meeting at lunch-times. They have all been appointed on the Beacs Eco Council and have already had an enterprising start to their new project. They have taken their role as Waste Warriors, Activity Agents and Green Team very seriously and pride themselves on their ability to improve the environment.

They have been recording and monitoring food waste, recycling and reducing the amount of paper used. Energy savings are looked after at the school by the Eco Busters who ensure lights and computers are turned off when not in use. In fact, a survey has been carried out looking at how best we as a whole school community, save energy, helping in the global awareness of environmental issues. These findings have been shared with the whole school.

Most recently, a whole school assembly introduced the Beacs Eco Council. We shared our action plan and we all pledged our agreement in supporting this whole school project. We hope to have our Eco notice-board set up very soon; this will inform our school community of any current projects the Eco team is taking part in.

All classes have had an opportunity to get their hands dirty, by growing their own vegetables and herbs which it is hoped will be used in some of our healthy lunches. On top of the fruit, vegetables, and flowers grown in the Eco garden, we will soon have a bird feeder to encourage a diversity of birds.

Well as you can see the Eco council is determined to bring environmental changes on board. Our biggest goal, is to improve the school grounds, no doubt soon you will see members of the Eco Council

helping to ensure the school grounds are clean. Perhaps you could help in this part of the pledge the next time you are at the school, how about picking up litter that you might see near you, but most importantly, dispose of any rubbish in the bins provided.

Keep Beacs clean!

Finally, it is hoped that on behalf of the school, the Beacs Eco Council will apply and are awarded an 'Eco-School Bronze Award' by the end of this Summer Term. We hope to bring you more exciting news on our pledge to improve the whole school Environment in our next newsletter.

If you would like to contribute time or resources to our Eco Council, please get in touch with me.

Ms Starr

Assistant Head Teacher

### Parent/Carer Toddler Group

The toddler group runs on Friday morning from 9:00 am. We are continuing to expand the resources available for children from 18 months up to 3 years of age.

This is a great opportunity for parents to meet and socialise together while their young children play safely and happily. We want to see more parents and toddlers attending each week so please invite friend and neighbours to come along.

## Attendance

We expect children to be in school for 96% of all possible school days each year. Attendance is closely monitored by the **Education Social Worker (ESW)**. If it is found that you are not sending your child to school you can be issued with a penalty fine notice, prosecuted in court and even sent to prison.

The easiest way to avoid any problems is to send your child to school each day. When children miss school they have to 'catch-up' on work and this can be very disruptive for their learning.

## Punctuality

Being prompt and on time is an important life-skill that all children need to learn. It is very sad that a persistent number of parents regularly arrive late with their children to school. Our school day starts at **8:50** am and we expect

that children should be in the playground by 8:45 am.

As parents/carers you would rightly be annoyed and angry if staff arrived late as it would disrupt your child's learning, yet a significant number of parents/carers seem to think it is acceptable to arrive late

to school on a regular basis. **It is not acceptable** and families will be referred to the ESW.

## Request for Leave

Holidays should be taken during the 13 weeks of the year when school is closed. There is no right to take holidays in term time.

Our assessment data clearly shows year after year that

the pupils who make the slowest learning progress are those that have the highest number of days absent from school.

The governing body has approved a strict policy of not approving any leave for pupils during term time. This

policy is strictly enforced at all times. The Education Social Worker will issue fixed penalty fines for unapproved leave.

## Parent Council

We are looking to establish a Parent Council group within the school to further develop links between the school and our community. This council will provide a monthly meeting between parents and the senior leadership team to discuss

the curriculum and development of the school.

Please come along to an introductory coffee morning/meeting on **Tuesday 15<sup>th</sup> June at 9:00** am in the Parent's Room. It is very important that we have a good mix of parents across all year

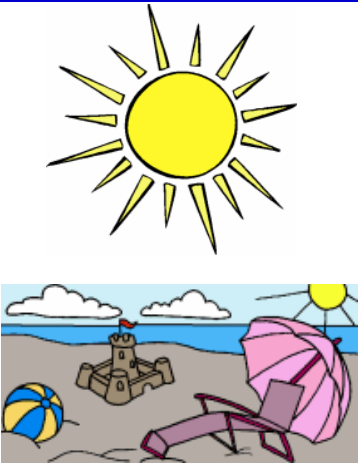

groups. Please speak to Mr Woods for more information about this new group.

## Important Dates

<b>Date</b>	<b>Event</b>
<b>Monday 7<sup>th</sup> June</b>	<b>School return from ½ term break</b>
<b>Friday 11<sup>th</sup> June</b>	<b>ICT Safety assembly (Parents/Carers welcome)</b>
<b>Tuesday 15<sup>th</sup> June</b>	<b>Coffee meeting to introduce Parent Council</b>
