

Nitima Jaswal
Parent Governor

I am a mother of two children who are attending Beaconsfield Primary School their names are Shubhneet Kaur in year 2 yellow and son Soren Rai Singh in nursery. I recently joined as a Reading volunteer in this school. As I am 36 years old. I studied in maths and computer at PUNJAB UNIVERSITY (INDIA) graduating in 2005. I had done job as a teacher in India. So I have wide experience to teach the children and interest to teach some activities to children. I had worked job in Heathrow airport as a domestic. And I did work in Wexham hospital Slough. I see the role of governors to support the school in providing a good quality education for all pupils and help raise pupils standards of achievement. I have a passion for charity and am always taking part and helping in social and religious events. I offer my expertise to a number of organisations in my free time and when I can around the clock.
